誰かを救えるであろう君へ

ここに、間違いなく音楽に救われてきた男たちの姿がある。
そして彼らが鳴らす彼ら自身の鼓動に忠実な音楽が、
うつむいていた誰かに前を向かせることになる。
これは、べつに新しい音楽ではない。
しかし、ロック・バンドが人間にもたらし得る最高の作用を、
この作品は引き起こしてくれるはずだと信じている。

RIZE と P.T.P の合体。The BONEZ をなす 4 人についてよく知っている人ほど、このバンドについてそうした見方をしてしまいがちではないだろうか。確かにこれまでの経緯を説明するうえで、両バンドについて触れずにおくことには無理がある。が、重要なのは創造性の高い先駆的バンドのメンバー同士が組んだことではなく、そこに彼ら自身の想像すらも超えた化学反応が生じた事実のほうだ。

JESSE、T\$UYO\$HI、ZAX、そして NAKA。この布陣により初めて最初の段階から創りあげられたミニ・アルバム『Beginning』は、まさにその表題が示す通り、新たな始まりの瞬間を生々しくとらえた作品であり、それが彼らにとっての“刷新された原点”となった。そこに収められた楽曲たちは以降の多角的なライブ活動を通じて同胞たちの共鳴を集め、このバンド自体が多くの人たちの心の支えというべき存在になってきた。

そして同作発表からちょうど 1 年を経て登場する待望のニュー・アルバムは『To a person that may save someone』と題されている。誰かを救えるであろうあなたへ、とでも訳せばいいのだろうか。そこに込められた真意は僕にはまだわからないが、このバンドが強めてきた人間同士の絆とでもいうべきものをより掲げていこうとするかのような意志が感じられるし、なんだか希望の匂いがする。ポジティブさの伝染を誘発する作品とも解釈可能だと思う。もしかすると彼ら自身のなかにも当初は、他の“場”との音楽的差別化を計ろうとする意識が少なからず働いていたかもしれない。が、ここに封じ込められた驚くほどヴァラエティ豊かな楽曲群と人間力に満ちた音から伝わってくるのは、“他者との違い”としての個性ではなく、“この 4 人の間に自然に生まれるマジック”としての説得力である。ここに、間違いなく音楽に救われてきた男たちの姿がある。そして彼らが鳴らす彼ら自身の鼓動に忠実な音楽が、うつむいていた誰かに前を向かせることになる。これは、べつに新しい音楽ではない。しかし、ロック・バンドが人間にもたらし得る最高の作用を、この作品は引き起こしてくれるはずだと信じている。

1. To a person that may save someone

Lyrics JESSE, Music T\$UYO\$HI

story will be told on
people will discuss you
standing alone will not help you to find
let me lean on you so I can let you lean on me
it whispers "maybe" when every body says "no"
believe in me

people be killing today, people be yelling hooray
whats going on with the world today its going down in the drain
Im challenging to changing things
don't stop to change you're mind
won't stop cuz its our time
know what could make you a live
tell me how you fell (oh oh oh)
were taking too much time
lets believe it just one time
do not forget this one, that why I wrote this song

Iv made a promise, to a person that may save some one
Iv made a promise, one thing may help another one
I know your scared to believe in take two
the feeling of trust is all Im asking you
Iv been expecting to make this plan with you

2. Revolution feat. Hiro Fujita

Lyrics JESSE, Music T\$UYO\$HI, JESSE

Were getting terrorized, minds are painted over otherwise
When where going to realize
Future lies in our hands and our eyes
Discover the paradise, I need you to trust me I want you to rise
One time in our life, we are civilized enough to improvise
Yeah the leagues still little
but wait and see till the game gets tripled
I believe that we have reached to the middle
Almost there never giving up my medal
Kill the hate I need you to be brave
Don't get panicked nothing to be afraid
Change has come and we're not your slave
Individuals giving you a rage
{Hiro}
Legalize it we need to equalize it, Fight for your rite to legalize
Legalize it we need to equalize it, It will be better now to analyze it
Legalize it we need to equalize it.
Can't stop to dream that's how I'm made
Legalize it we need to equalize it ,Fight for your rite to legalize
{Hiro}
Revolution today "Revolution" and that's the name
{ENDALS and let us live too And thank you for your time}

(訳)

物語は話つがれていく
ああでもないこうでもないと言うだろう
突っ立っているだけでは何も探せない
君に寄り添うことで僕も寄り添える
皆がNOと言っても"もしかして"とささやく

今日も人はどこかで殺されていて どこかで万歳と叫んでいる
この泥沼の世界はどこに向かっているのだろう
君が変わってしまう前に世界を変えるんだ
今がその時だ 止まってはダメだ
君は生きれると分かっているだろう？
どんな気持ちなのか教えてくれよ
時がどんどん進んでしまった
一度だけ信じてくれ この事を忘れないでくれ
僕はその為に曲を書くんだ

約束したんだ 誰かを救えるであろうあなたへ
約束したんだ 一つの事が一人の事を助けてくれる
二回目のチャレンジが怖いのは分かるよ
僕が聞きたいのは信じるという感情なんだ

3. Paper crane

Lyrics JESSE, Music NAKA

I can make you feel again I wake up your brain
let me fold you my paper crane
We do believe our way, for that one day
never stop folding my paper crane

let me introduce my home and it's a
country filled with amazing juice for you

buddah men comes from the clan this theory's made in Japan
(GO) let me introduce my self and I'm an emcee filled
with amazing truth for you time to time we've been
believing OMOTENASHI hospitality (A) mentality
is, to, create a schematic of someone's soul
its like giving a rose man Buddah man comes from the clan
this theory's made in japan

step one put your mind in set never be bothered
look right ahead what you believe in tell me
what you're dreaming it all could be controlled
depending on your ZEF MODE Have you heard of
thousand paper cranes? not one yes a thousand for one

PAPER CRANE let me fold my PAPER CRANE you put your soul in too
PAPER CRANE will be a part of you never stop folding my
This theory's made in Japan

4. Louder

Lyrics JESSE, Music The BONEZ

sitting in a room alone makes you feel like your in the fields
you get to play the ball game all alone
theres no one to challenge you is that ok is that what you want
fucjk that l7m here to take you out tonight get out
ye ye, I want to know you can you yell it out little louder
oh oh oh, don' t give up now, oh oh oh, cuz you deserve it
oh oh oh, come a little closer

people used to call me a chicken shit but now I don' t care
cuz I know who I am and that' s ok
wake up, now its reality time is clicking tin sanity
I really need you to listen to us time is the sound of humanity

ye ye, I want to know you can you yell it out a little louder
oh oh oh, don' t give up now, oh oh oh, cuz you deserve it
oh oh oh,

Iv never met you but yes I' m talking to you
wishing you' re hearing me I really do
sound coming out of stereo for you and you and many more
this time will you come out and play

yes I could be your enemy living in this crazy society
yes I do believe in morality just a littlee different nationality
yes I could be you' re enemy living in this crazy society
yes I, I am a anarchy just like you its up to you

6. Stranger

Lyrics JESSE, Music T\$UYO\$HI

he' s a stranger child is in danger
turning into a hater sooner or later
she' s stranger whether if it' s a child
can you blame her for risking her life
that' s how they prove

Iv tried Iv tried one thing that I just
cant forget, cuz I still fight when I have to
well I' ll be surprised with you & me
Let me cry when I want to

I see you walking by looking life you never
saw it, I know it cuz you know it I feel
and sense your ignorance why did you have to hide all of your innocence
Im a victim to you I awake and
it hurts that I failed to help you

more than words will you listen to the meanings now,
waiting to be found inside of me
so, it' s ok to disagree with me now,
cuz your over me any ways

5. 1905

Lyrics JESSE, Music T\$UYO\$HI

one object is love pulling you closer it comes from above
one object is dove flying across our eyes in the sky
no limit how close and how far in one minute
so many things your able to understand
feeling even has a gravity, the quality of life in humanity
the meaning of this force is strong
hope to see you on the other side smong
beautiful but ugly comes along
killing and hatred and the wrest..involved

another object has dropped down to me
clue, sentence yes its all channeling
different colors then comes another
we all brothers from another mother with gimmicks
that we each have individually
styles and shapes will appear differently and pretty
different faces are now ruling and leading all over the world
no kidding what we have made to become
who we are today, it' ll lead on to a city of numbers
filled with all walkers, so I wonder

I see falling I see falling all the way down
keeps on felling it' ll keep falling to the ground
we can' t run away from this sound

what other object has come down for me
waiting for miracles to drop inside of me

Im ready for the awakening up close and now its happening
weathers are calling clouds to make a thunder
pints of rain water is our savior
summer is one season it comes after spring, the wild is above
then autumn comes by, it all withers slow but natural, come together
then winter, you' ll see snow falling down

I see falling I see falling all the way down
keeps on falling it' ll keep falling to the ground
we can' t run away, we won' t run away from this sound
I see falling I see falling all the way down
keeps on falling it' ll keep falling to the ground

7. Remember

Lyrics JESSE, Music T\$UYO\$HI

Remember why? Do you remember why
Were shed those tears for you and me
And I and I and I
I just can't forget who you are to me to remember

We fight at times ever if it's day or night
I made you try and didn't every try
We'll find your way to disagree and that's how it good
I don't want to hide anymore
I keep on tripping over my own foot
But this time I'll go on

(I did it again)
Iv made a wrong turn Iv made a wrong to
ye should I go back or keep going straight
I'll try but I'm scared to ... brake
I know that I have to ... live

Remember why? do you remember
why how you've ended it up with me
many years and its filled smils and tears and I and I and I
I just can't forget who you are to me to remember

9. Incredible

Lyrics JESSE, Music T\$UYO\$HI

Everyday is a brand new day many changes happens in
a sec past just fades away in the when futures on the way in the other hand
I stand on earth as a believer never giving up my gift that I'm a dreamer
I'm trying to tell you all what I dream in my sleep

Yes I'm a walker that's what I'm supposed to do
I'm a y'er yang brotha stand close to you
Like a father having that daughter love never stop believing that (right)
some things you just can't see you got to fell
One thing you can't hide you got to deal
Never run away from a thunder men
You go get a little closer men
I've seen unbreakable more I feel it I become it
The one believes in miracle today

It's so incredible ye watch me burn inside
I'm flammable still touch me while I'm there

If I have a chance to teach the little ones
I'll take them one by one and look inside you
Their ever if I have a chance to meet the bigger ones
I do the same I'll try my way to fix all of my mistakes

I've seen unbreakable more I feel it more it's real
I am unbreakable more I feel it I become it
I've got new vision and I mean it this side is new
I've never seen it wish you could see this to believe me
Cuz I believe in miracle today

8. Cosmic Strings (Inst.)

Music JESSE, NAKA

10. Wasted Dream

Lyrics JESSE, Music JESSE, ZAX

Hey homie got a story to tell
don't play with shotgun & shells filled with pills
There's always many lego to build
Unfulfilled dreams will maintain a thrill
ye the little kid just turned 5
watching a parent die from suicide who to blame
just tears of rain people be fucking with other peoples brain
this disasters made by all men
a crafter got eagles wrapped around in chains
the real world waits for you
but instead you can choose when it welcomes the dead

Wasted dreams (ye) in the gutter out in the streets
Watch me bleed I believe to change all enemies
The more I morn they're on their way
I'll be here to take you away

Ye, put your fist up high, better not put it down you got it!?
get that rite
Iv got a question for you to try so answer
will you choose the dark or light
Iv seen both peace and tragedy
once your born then death that's humanity hysteria
built in mid America, it'll spread all over your area

FACE THE TRUTH

11. Friends

Lyrics JESSE, Music The BONEZ

Excuse me stranger am I in your way I
t's stuck in my head and it's bothering me
Tell me if I am I'm able to stop

Helping you will help me Changing you will change me
Something's just can't be replaced with anything
even if I search the whole world I won't find you for sure so
will you let me speak my own fucking words

What the fuck is going on all of a sudden
it's wrong it's been a while I haven't seen a smile
but one more day just one more day
I tell my self why do I still cry because you're a friend of mine

Knock knock, is someone there I'll come back again I'll try it another day
Knock knock, I'm back again you're doing a good but can't fool me today but

12. Leaf (通常盤未収録)

Lyrics JESSE, Music JESSE

Fight for me then Ill fight for you, gather around now the lights on you
Fight for me then Ill fight for you, stance is punx, aye aye sir

life starts with a little touch of love
frightened and scared getting lost at times
wake up life is too short
stay up life is yours

we were all born under the tree
to save all leaves, don' t give up your life
Fight for me then Ill fight for you, gather around now the lights on you
Fight for me then Ill fight for you, stance is punx, aye aye sir
Every day, every single day, any ways don' t change your way

all clocks move forward and it won' t rewind
its better to put it away, leave it all behind

everyday keep your hands up high
never forget your anarchy sign

we were all born under the tree
to save all leaves, the color of green is the tone of life

Fight for me then Ill fight for you, gather around now the lights on you
Fight for me then Ill fight for you, stance is punx, aye aye sir
every day, every single day,
any ways don' t change your way

travel all 7 seas to write a novel of all trees and leaves
growing and sprouting for all dreams
I see... the free
travel all 7 seas it' s under the sea, travel all 7 seas to write a novel of leaves
its growing big and deep in a light speed
another day is coming another day is starting

Let me make you a cup of coffee and wash it away for anotherday
