## About Hunter Douglas

Hunter Douglas was founded in 1919 and has been a global leader in window coverings for more than 100 years. Today, the company operates in more than 100 countries around the world, with 134 affiliates, 47 manufacturing sites, 89 assembly sites, and approximately 23,500 employees. Our products are carefully designed and manufactured to order and provide customers with enduring quality and value worthy of a luxury brand. We also have a strong commitment to sustainability, focusing on improving our manufacturing processes, reducing waste, and extending the life of our products.
