September 2, 2026

Satellite Data Services Co., Ltd.

Exhibiting at the COP31 Japan Pavilion

Satellite Data Services Co., Ltd. (hereinafter, the "Company"), together with Mitsubishi Electric Corporation (hereinafter, "Mitsubishi Electric") and MUFG Bank, Ltd. (hereinafter, "MUFG Bank"), has been selected as an on-site exhibitor at the Japan Pavilion established by Japan's Ministry of the Environment during the 31st Conference of the Parties to the United Nations Framework Convention on Climate Change (COP31), to be held in Antalya, Republic of Türkiye, from Monday, November 9 to Friday, November 20, 2026.

The technology proposed for the exhibition is titled "Satellite GHG Data Solutions for Decarbonization and Energy Transition." Mitsubishi Electric, the Company, and MUFG Bank will showcase their collaborative initiative to a global audience. By leveraging satellite-derived greenhouse gas (GHG) data, the three companies aim to develop solutions originating in Japan that support both the implementation and verification of decarbonization efforts.

About the COP31 Japan Pavilion

In conjunction with COP31, Japan's Ministry of the Environment will establish the Japan Pavilion as a communications venue under the theme "Solutions to the World," highlighting outstanding Japanese technologies and initiatives. The on-site exhibition will feature technologies, products, services, and other solutions that contribute to global decarbonization and climate change adaptation. Following a review by external experts, 15 proposals were selected for the on-site exhibition.
