

<WORLD-FIRST> Digital Musical Score CANON starts the service to customize its background with favorite illustrations and pictures

The latest trends for musical scores. Listen, watch and enjoy them.  
Fun feature to motivate players.

Funtap Co., LTD. (Shimogyo-ward, Kyoto, CEO Daisuke Araki) starts the world-first\*1 service in the application "CANON Musical Score Viewer" to customize its background. This service provides this innovative function, based on the technique developed by Funtap, where users can customize its background of the digital musical scores on display (staff notation and notes) with favorite illustrations and pictures.

First, we will start by introducing the works of Mocha as templates, a background illustrator who has worked for a number of animations films. Future delivery of our original musical scores is being planned by collaborating with more animation works.

Amid the pandemic of novel Corona Virus, the demand has been increasing for digital musical scores that users can easily get their favorite scores anytime and can enjoy playing music at home.

This service is released as an additional function in the iPad application "CANON Musical Score Viewer" where scores can be displayed, played, transposed, and written in on display.

Users can customize a background with their favorite illustration for each title. Users can choose their favorite illustration from the template options, or, if they register to "Monthly Plan" of digital musical score CANON, images that they uploaded to the server can be set as backgrounds.
