Okinawa Prince Hotel Ocean View Ginowan

“All Day Dining Jinon” Wins No.1 in the Central Okinawa Area

for the Second Consecutive Year at the 10th Churatoku Awards 2026

Okinawa Prince Hotel Ocean View Ginowan is pleased to announce that its first-floor restaurant All Day Dining Jinon has won No.1 in the Hotel Restaurant - Central Okinawa Area category at the “10th Churatoku Awards 2026.”

Following last year’s recognition, the restaurant achieved the No.1 ranking in the Central Okinawa Area for the second consecutive year. The restaurant has also previously received second place in the same category as well as a special award, demonstrating its continued popularity and strong support from guests.

The Churatoku Awards are organized by “Churatoku,” a leisure and travel website for Okinawa residents, and winners are selected based on actual usage data and customer feedback. For the 2026 awards, a total of 36 facilities with outstanding performance were recognized based on sales results from April 2025 to March 2026, as well as original scoring data compiled from reviews submitted by 12,156 Churatoku users.

One of the key factors behind receiving the No.1 ranking in the Central Okinawa Area for two consecutive years was the restaurant’s high evaluation in Churatoku’s original scoring system. The score is calculated based on multiple indicators, including number of bookings, repeat guest rate, participation in featured campaigns, website sessions, number of favorites registered, reservation volume, and new user rate. The award reflects the restaurant’s strong and continued support from guests across these various categories.

“All Day Dining Jinon” offers seasonal buffet menus inspired by various themes throughout the year. Guests can enjoy a relaxing dining experience in the spacious and open atmosphere with more than 200 seats. The restaurant’s message plate service for birthdays and anniversaries has also been highly praised by guests celebrating special occasions.

To express gratitude for the continued support of its guests, the hotel is also offering a special commemorative dining plan in celebration of the award.

Moving forward, the restaurant will continue striving to be loved by Okinawa residents by providing diverse menus inspired by Okinawan food culture alongside warm and attentive hospitality.
