## FUN, FASHIONABLE AND AFFORDABLE READING GLASSES, SUN READERS AND SUNGLASSES

---

Have A Look's collection of Danish design reading glasses, sun readers and sunglasses is inspired by the latest trends in the world of fashion and interior design. We believe that your style should be sharp even if your vision isn't! All our glasses are unisex. They fit neatly, with a durable polycarbonate frame, comfortable flex hinges, thin aspherical lenses and of course they are nickel free. Have A Look is owned and run by the Danish designer duo Christina Kattrup Schrøder and Mette Wotkjær, both of whom have a great experience in lifestyle communication and design and a good eye for fashion and trends. Their mission is to create cool and colorful reading glasses, sun readers and sunglasses at prices that make shopping fun!
