Financie, Inc. (Head Office: Shibuya-ku, Tokyo; CEO: Hironao Kunimitsu; hereinafter "Financie") announces that FNCT (Financie Token) will start offering FNCT Staking on April 3, 2023 (scheduled). In conjunction with this, we are pleased to announce that the reward pool amount has been set at 100 million FNCT. Staking rewards will be granted on a daily basis starting the day after the April 3, 2023 launch. FNCT will be added to the reward pool occasionally as the Financie grows.

FNCT is designed and developed to provide further benefits to supporters who activate sports clubs and creative communities in "FiNANCiE", the blockchain-based token-issuing crowdfunding platform. FNCT began sales on Coincheck IEO on February 21, 2023, exceeding its target in just one hour and recording a final total application amount of over JPY 20 billion. It began to be handled on the Coincheck exchange on March 16, 2023, and at one point rose to over 7.5 times the selling price of IEO. In addition, on the same day that trading began, the "Community Token Holding" incentive program was launched to activate the communities of sports teams and creators in "FiNANCiE".

Staking is a mechanism that allows users to receive crypto assets in exchange for contributing to the generation of crypto assets and the stable operation of the blockchain. Financie regularly records transaction history on the Ethereum blockchain to ensure the transparency and the value of the Community Token issued and used on "FiNANCiE". Users participate in staking by selecting validators they trust and locking their FNCT, and earn rewards when their chosen validators record their transaction history. At the launch of the service, the only validators will be Financie, but in the future, we plan to select marketing partners as validators to help grow the FNCT token economy.

*Start date may be subject to change depending on the status of development.
