

1BLOCK cooperates with a famous sneaker shop atmos & a famous manga Space Bro thers to create and sell cross-collab NFTs

1SEC (head-quartered in Meguro-ku, Tokyo, and in Los Angeles, USA, CEO: Hirokuni M iyaji) that runs a web3 creative studio 1BLOCK announces a collaboration among "at mos," a sneaker select store operated by Foot Locker Atmos Japan, LLC., and popula r manga "Space Brothers," whose total number of printed copies will exceed 28 mill ion. In this collaboration, we will produce two NFTs; the 3D NFT collection "MetaS amurai" and the 3D virtual sneaker "AIR SMOKE ZERO."

The design of this collaboration MetaSamurai incorporates elements of "atmos" -ish sneakers and "Space Brothers" -ish with the space suit. Speaking of the design of this collaboration AIR SMOKE ZERO, its design is inspired by atmos's iconic "eleph ant pattern" and the moon, the theme of "Space Brothers. "Each of them is one of a kind, as an NFT.

[about atomos]

The shop name "atmos" is derived from the word atmosphere. The word "atmos" reflec ts the philosophy to create a shop that is as natural to be there as the atmospher e. "atmos" opened its head store in Harajuku, Tokyo, in 2000. With the theme of sn eakers as fashion, the sneaker wall, where various sneakers are on display, was se t up inside the store. Items sold in the shop include collaborations with national brands, exclusive models, test launches and marketing of the latest products, and other activities to promote Tokyo's sneaker culture to the world.

[about Space Brothers]

The comic series has started since the March 2009 issue of "Morning," published by KODANSHA Ltd. The comic describes a sibling, Mutta, who is over 30 years old an d is challenging his grand dream of becoming an astronaut, and his younger brother Hibito, who realizes his dream one step ahead of Mutta and sets his foot on the mo on. What readers are impressed by is the rich human drama centered on these two gu ys, their space-faring friends, and the people who support them, and the more the series progresses, the more its popularity explodes. In 2011, it won the 56th Mang a Award (general category) and the 35th Kodansha Manga Award (general category). I t is currently being serialized to great acclaim toward its climax.
