

**Celsys Provides Clip Studio Paint DEBUT (6-month Ver.) free to 1,600 educational high schools and 2 million students in California**

Celsys, Inc., the developers of popular illustration software Clip Studio Paint aims to equip 1,600 high schools and 2 million educators and students belonging to the public, private and charter high schools in California with Clip Studio Paint Debut (6-month version) free of charge.

As an industry and advisory partner for the California Department of Education's arts, media, and entertainment (AME) career technical education (CTE) programs, Clip Studio Paint is committed to supporting high school students interested in pursuing careers in California's thriving creative workforce. AME programs align with California Career Technical Education (CTE) Model Curriculum Standards which define the knowledge, skills, and practical experience students should have to pursue their chosen profession. In 2019, the sector has grown to serve 231,000 students and is the largest CTE sector in the state of California.
