## Club Comment

The production theme for the new season is:

**“Kagawa in Motion, Reaching Beyond –Honoring the Past, Forging the Future–”**

For the Kagawa Five Arrows, the first home game at Anabuki Arena Kagawa marks a new beginning—an opportunity to share with the nation the rich entertainment power this region inherently possesses. While honoring our past and present, we remain committed to creating performances that look ahead to the future.

Our new anthem, **“THE RISING SUN,”** embodies this vision. It reflects the challenges we embrace and the passion that drives the Kagawa Five Arrows. Through music, we strive to unite with our fans and elevate the energy inside the arena to new heights.

We aspire to become a true source of pride for our community. Together with our supporters, we hope to see this anthem grow and evolve into something enduring—an expression cherished both by the team and by our fans in the seasons ahead.
