EarthStream awarded The Energy Recruitment Company of the Year

Energy Specialised Recruitment firm, EarthStream

27-November-2014, Tokyo, Japan - International specialist energy recruitment firm EarthStream awarded "The Energy Recruitment Company of the Year".

The award was given by the leading recruitment publication – Recruitment International in a ceremony at the Tokyo American Club where they recognised the achievements of specialist firms in the recruitment industry .

EarthStream was one of 5 firms nominated in the Energy Category and was chosen based on their deep expertise in the energy sector, client feedback, innovative industry events they host and their rate of growth.

Opening in Tokyo in June 2013 EarthStream has completed searches in Solar, Wind, Smart Grid, Electric vehicles, Power Generation as well as Oil & Gas. Being an energy specialist, the disciplines range from Engineering & Sales through to Project Finance, Legal and IT.

With this sector evolving at such a rapid rate EarthStream have established themselves as respected thought leaders and industry experts. In under 12 months they have been quoted in staffing trends by Recharge News, Bloomberg, PV world, Niiikan Kyogo and had their views on the TEPCO exodus syndicated to over 300 publications by Associated Press. The firm regularly hosts Japans premier Energy networking event where senior executives meet to discuss trends. The most recent event had 130 attendees and featured a speech by the architect of Japans renewable energy revolution and ex Prime Minister Naoto Kan.

The business continues to grow and will be moving into a new office in Kyobashi Feb 2015 that will hold up to 20 people and will hire more staff to address the huge predicted demand for staff in Smart Grid, Wind, Power generation and Energy Efficiency .

ABOUT EARTHSTREAM (www.earthstreamglobal.com)
