BTS 'LOVE YOURSELF: SPEAK YOURSELF' TOUR – LOS ANGELES

MAY 6<sup>TH</sup> 2019

On the occasion of Korean boy band BTS' world tour, entitled *Love Yourself: Speak Yourself*, Kim Jones, Artistic Director of Dior menswear, created an ensemble of seven looks inspired by his Pre-Fall 2019 collection.

Reflecting the modernity of Kim Jones' creations, the silhouettes are inspired by each of the members: RM, Jin, SUGA, j-hope, Jimin, V et Jung Kook. *"They all have their personal taste and style and it works so well together. Each member of the group chose the look they wanted, and we worked very organically to create each look for them"*, the Artistic Director explains. *"It was very collaborative!"*

Bombers, cargo pants and a military-inspired sweater mix together with pieces with a sportswear spirit, evoking the group's hybrid allure.

The through-line of this collaboration, shiny and lamé fabrics embody the collection's retro-futuristic aesthetic. Metallic denim jackets pair with a bomber strewn with cherry blossoms, interlaced with dinosaur robots designed by Hajime Sorayama.

The House's emblematic signature, the Dior Oblique canvas, dons a leopard camouflage and crops up on jackets, bob hats and caps.

Buckles designed by Matthew Williams, the creative director of 1017 ALYX 9SM, lend a utilitarian touch to pockets, harnesses and shoes – sneakers and combat boots that combine lightness and technical sophistication.

As a final touch to these stage outfits, imposing industrial-style chains created by Yoon Ahn – decorated with locks, nuts and bolts – mingle with rings.
