Explore a planet full of wonders with Hatsune Miku and friends!

Crypton Future Media, INC. (Head Office: Sapporo, Hokkaido, Japan; CEO: Hiroyuki Itoh) has released its original video game "Hatsune Miku - The Planet Of Wonder And Fragments Of Wishes" for Xbox and PC at 11:00 AM on April 22nd (Mon), 2024. Both XBox and PC versions are available for purchase as downloadable software on Steam and Microsoft ® Store.

Steam : https://store.steampowered.com/app/2477920/_/
Microsoft® Store : https://www.microsoft.com/store/productid/9nz4hjml97rs

"Hatsune Miku - The Planet Of Wonder And Fragments Of Wishes" is an action puzzle game planned, written, and developed by Crypton Future Media. The game was previously released on the Nintendo Switch in June of 2023, and has been ported to the XBox and PC to reach more fans.

The main visual was illustrated by the artist 7:24. As part of an effort to support creators, 17 songs were chosen from Crypton's content sharing platform "piapro" to be used as in-game background music.

Enjoy the story of Hatsune Miku and the Piapro Characters meeting the unique original characters of the game and play the many mini games in the Planet of Wonder!

"Hatsune Miku - The Planet Of Wonder And Fragments Of Wishes"
A new "Hatsune Miku" game where you progress through the story by completing minigames!
The game takes place on a mysterious planet full of wonders. Explore with Miku and friends!

⟨Story⟩

During a trip through outer space, an accident causes Miku and friends to crash land on a strange planet. Through Aster, a resident of the town, Miku and friends go to meet "Pentas" who should be able to repair their spaceship. However, "Pentas," who should be with Professor Kalmia, is missing!

With the advice of the strange being Melopy, Miku and friends help to grant the wishes of the residents in search of someone who can repair their spaceship. Will Miku and friends be able to get home…!?

⟨Minigames⟩

Play 9 different simple minigames like "button mashing" and "slide puzzles" to grant the residents' wishes! Each minigame can be played freely after granting the resident's wishes; collect coins, aim for high scores, and play your favorite minigames to your heart's content!

*Smartphone games "Hatsune Miku Amiguru Jump" and "Hatsune Miku Amiguru Train" are included as minigames.

⟨BGM⟩

17 songs set to the theme of "Hatsune Miku - The Planet Of Wonder And Fragments Of Wishes" included! Enjoy the new songs made just for this game!

*SONOCA campaign song "Link to the Star / BeeP feat. Hatsune Miku" also included.

\<Related Information\>

What is Hatsune Miku?   https://piapro.net/
A singing vocal software developed by Crypton Future Media, Inc., which allows anybody to create a singing voice by entering lyrics and a melody. Since being released on August 31st, 2007, countless creators have made works featuring the character including music, illustrations, video, and CGI. The package illustration character "Hatsune Miku" is a 16-year-old female vocalist whose main feature is her blue twin tails.

What is "Piapro Characters"?   https://piapro.net/pages/character
The collective name for "Hatsune Miku," "Kagamine Rin," "Kagamine Len," "Megurine Luka," "MEIKO," and "KAITO," who are all package characters for singing vocal synthesizer software developed by Crypton Future Media, Inc. "piapro" is a word meaning "chain of creativity = peer production," and symbolizes the collaborative nature of creativity.

What is "piapro"?   https://piapro.jp/
A content sharing platform operated by Crypton Future Media, Inc., where creators can post their works to collaborate with others to create new contents. By allowing the poster to specify conditions for secondary use, the platform allows for the chain of creativity to continue. Official corporate collaborations through "piapro Official Collabs" allow creators to contribute to commercial works.

\<Company Profile\>

Company name: Crypton Future Media, INC.
CEO: Hiroyuki Itoh
Address: Nippon Seimei Sapporo Bldg. 11F, 4-1-1, Kita 3-jo Nishi 4-chome, Chuo-ku, Sapporo, Hokkaido, Japan 060-0003
Established: July 1995

Our Business
We have more than 100 partners around the world, including the U.S. and Europe, and have licensed and sold more than 30 million pieces of sound software to the Japanese market. We started out as a "sound trading company" importing and selling audio materials such as sound effects, etc. Today, we are building and developing a wide range of services and technologies such as DTM software, sound delivery stores, music aggregators, 3D CGI systems, and smartphone game development, under a horizontal company structure. We are also known as the developer of the singing voice synthesis software "Hatsune Miku".
